THE FUSION TABLE MAKES THE DIFFERENCE

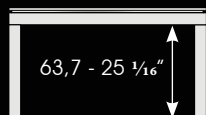

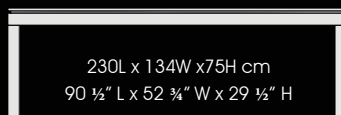

Nowadays, a good product is not just about good design but also encompasses a cultural and conceptual environment. We are all focused on the lifestyle and the people our product targets, along with their need to create valuable moments. Offering emotion and quality time are the core values of the Fusiontables collection, making all the difference.

Designed to «seriously» entertain, the Fusiontables billiard dining table has everything needed to create wonderful and unforgettable moments for you, your family, and your guests, all in a resolutely contemporary, minimalist setting. Recently, our perspective on home equipment has changed. More than ever, we value having a peaceful living room for ourselves and our family members. More than ever, we need to spend quality time with them and find quality entertainment. This may sound a bit vintage, but it is actually a very current and universal value.

Multifunctional furniture is achieving this goal, and the Fusiontables dining pool table allows for cool, fun, and zen moments on the same table with your loved ones and friends.

ENJOY YOUR MEAL...

Functional and featuring a timeless, elegant design, the Fusion table creates a relaxing atmosphere for dining with family or friends. Comfortably accommodating up to 10 people, the Fusion table is ideal for family gatherings or professional meetings.

Its generous width allows for a table setting of rare elegance, making it practical and comfortable for your social events.

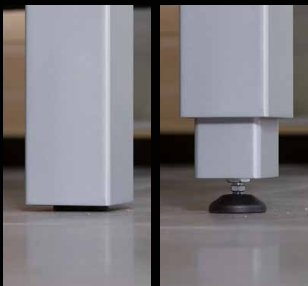

... AND PLAY !

After finishing your meal, transforming the Fusion table into a high-quality billiard table takes less than a minute. Simply slide the benches under the table, remove the three table tops, and gather the billiard cues, triangle, Aramith billiard balls, and chalk. You're now prepared to start a billiard game. Using the patented 'easylift' system, the table effortlessly adjusts to the required height for a billiard game, keeping your table perfectly levelled.

This billiard table adheres strictly to the dimensions of a 7-foot American table. Experience the technical standards of an authentic billiard table from the comfort of your home or office. Both seasoned players and novices alike will find enjoyment in it.

EASY-LIFT SYSTEM[®]

The standard spring assisted Easy-Lift system allows to raise the Fusion table with minimal effort adding 3" / 75 mm from standard 29.5" / 75 cm dining height to optimal playing height.

The system requires no maintenance and has an auto-lock auto-level feature assuring perfect leveling, maximum stability & steadiness to the Fusion table in its upper position.

HIGH QUALITY EQUIPMENT

The combination of premium equipment with the finishing expertise only passionate artisans can assure, results in a design dining pool table that everyone perceives as exceptional and that has a longevity to last several generations.

High-quality components, modern materials, and the meticulous selection of the very best timber are essential characteristics of the Fusion quality.

White Metal, Vintage Oak,
Tournament Blue fabric

FLAT POCKET SYSTEM

With its unique flat pocket system, all billiard accessories, cues and rack but also the balls can be stored in the Fusion's elegant 12 cm (4 ½") narrow table profile. These pockets made of memory nylon extend underneath the table when pocketing balls, but return to their flat non-visible position when the balls are removed. At the end of the game, metallic strips can be slid over the 6 nylon pockets allowing balls to be stored in each one of them without having the nylon pockets stretching downwards and becoming visible.

"K66" RAILS

The Fusion billiard table is fitted with K66 rails, known for offering one of the best rebounds for great precision in the game.

White metal/Walnut Select

SIMONIS TABLE CLOTH

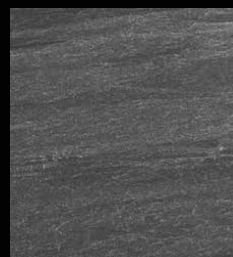

also available in Waterproof quality

Simonis

The Fusion table is always fitted with Simonis table cloth, worldwide considered to be the ultimate benchmark for high-quality cloth.

These cloths, containing at least 70% wool, guarantee optimum speed, a smooth roll, easy maintenance and an exceptional lifespan.

A ONE PIECE SLATE

The Fusion table is delivered with a 3/4" / 19 mm high precision cut natural slate.

Already covered with cloth, this 1 piece monobed slate on Fusion's rigid Space-Frame avoids all adjustment problems common with the usual 3 piece slate surfaces.

VINTAGE

The Vintage veneer finish embodies a distinct and easily recognizable style. It combines a reclaimed wood timber look with a post-industrial metal frame, striking a balance between understated originality and innovative reverence.

The Vintage oak tone adds sophistication to any setting, seamlessly blending chic modernity with timeless tradition evoking the ambiance of a bygone era, reminiscent of an old Brooklyn workshop or a quintessential English pub from the 1980s, all within the comfort of your dining room

Disclaimer : The natural beauty and distinctive appearance of Fusiontables wood finishes are linked to inherent qualities and characteristics of wood itself. Walnut or Oak Trees, even growing side by side, are different. Various grain pattern, grain color variation, and unique markings are to be accepted from a real wooden component and may not be considered as defects. These variations are obviously more visible on Vintage Oak models.

GLASS PANELS | Crystal Mirage

This sleek and brilliant combination involves pairing a black or white mat powder-coated pool table frame with exclusive and glossy unique black or white tempered glass tops. These glass tops, consisting of three pieces, can even be customized with high-resolution prints simply by sending us a file with your desired image or logo.

Utilizing cutting-edge printing technology from Saint Gobain, the stunning effect is further enhanced by high-gloss or mat soft polished 8mm tempered glass. To top it off, a new black Aramith Kit is available, featuring world-premiere black billiard balls, black cues, a black triangle, and the innovative X-1 chalk dust remover developed by the Iwan Simonis lab.

We believe this new model will expand the possibilities of interior design, seamlessly integrating the convertible dining pool table into ultra-chic, minimalist, or modern design environments. Artists and interior designers alike will find ample inspiration for their patterns in this modern billiard table.

The 3mm TECHLAM® panels, selected for our Rock Reverso Collection, provides the final touch to produce perfect modern furniture pieces with beautiful contemporary design.

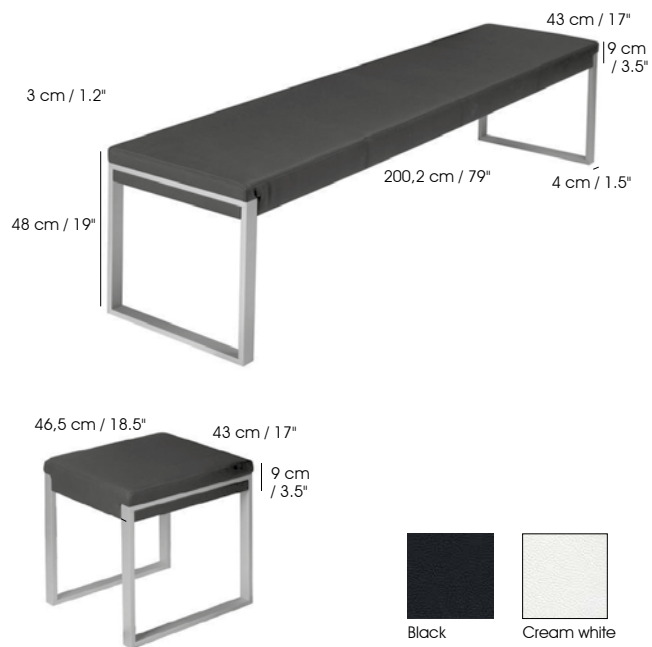

The new Rock Reverso option allows you to create a changing ambience in your dining room by providing two different surfaces in one conceptual table top: one face is covered by wood veneer, the other by ceramic. Rock Reverso is the most resilient surface you can specify for your Fusion pool table. Long lasting and easy to maintain, this exclusive and modern material presents antibacterial and antifungal properties and is superbly environmentally friendly as the raw materials used to produce the panel are from recycled sources, removing the impact of extracting new stone.

MATCHING BENCHES AND STOOLS

The FusionTable range also includes a variety of benches and stools, that match the tables' pure and delicate lines and enhance the contemporary look. To free the playing area, these Fusion benches and stools have been designed to be stored under the table during the game.

- Lacquered aluminium (powder coating) or stainless steel structure that match the Fusion table's colours.
- Multifiber covering: black, white.
- Overstitched seams for a perfect «leather» effect.
- Firm seat thanks to compact and comfortable foam.
- Bench for 4 people, stool for one person.

MODEL 1

FUSION CHAIRS

The Fusion chair has been specially developed by the Fusiontables design team. Its black microfiber leather covering makes it extremely comfortable as well as easy to clean and matches with other items.

The Fusion chair back has been designed to sit flush to the Fusion table in its higher position so as not to disturb players during a game of billiards. So there is nothing to put away before playing.

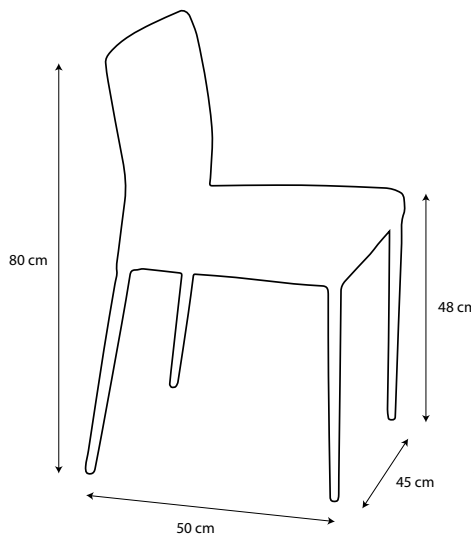

Cream white

MODEL 2

The new Fusiontables chairs feature a new design aimed to better fit with the current trend, while still offering the advantage to perfectly fit with the Fusion table height.

As such, no need to move the chairs to seamlessly play your favourite game when the table is at its upper billiard position.

Black

Taupe grey

They also offer the option to be stacked whenever necessary, and offer an improved comfort and easy maintenance, with high quality PU leather available in Black or Taupe grey.

FUSION LED SYSTEM

With this light and contemporary pendant lamp, the Fusion LED system allows you to create two atmospheres. During meals, the 7 white LED create a pleasantly intimate environment for your guests.

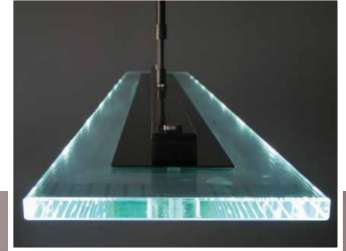

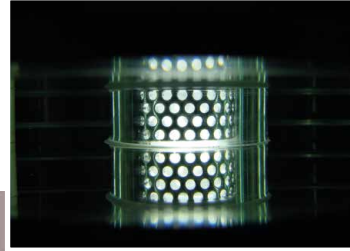

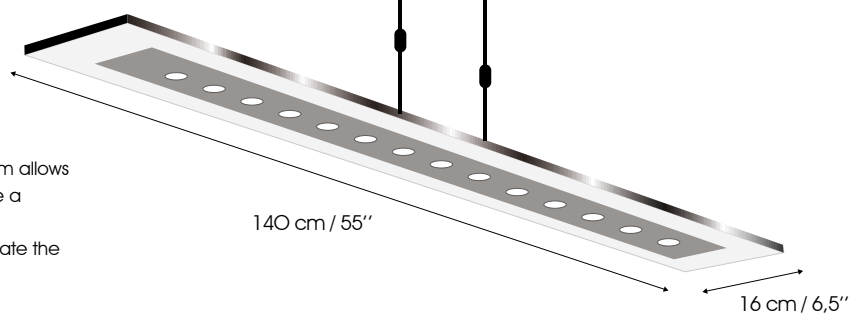

When playing billiards, 14 long-life LEDs offer a stronger light to illuminate the entire table.

Economical and environmentally-friendly.

Consumption: 42 Watts

Intensity: 1050 Lumens

Light colour: 3500 Kelvin warm White

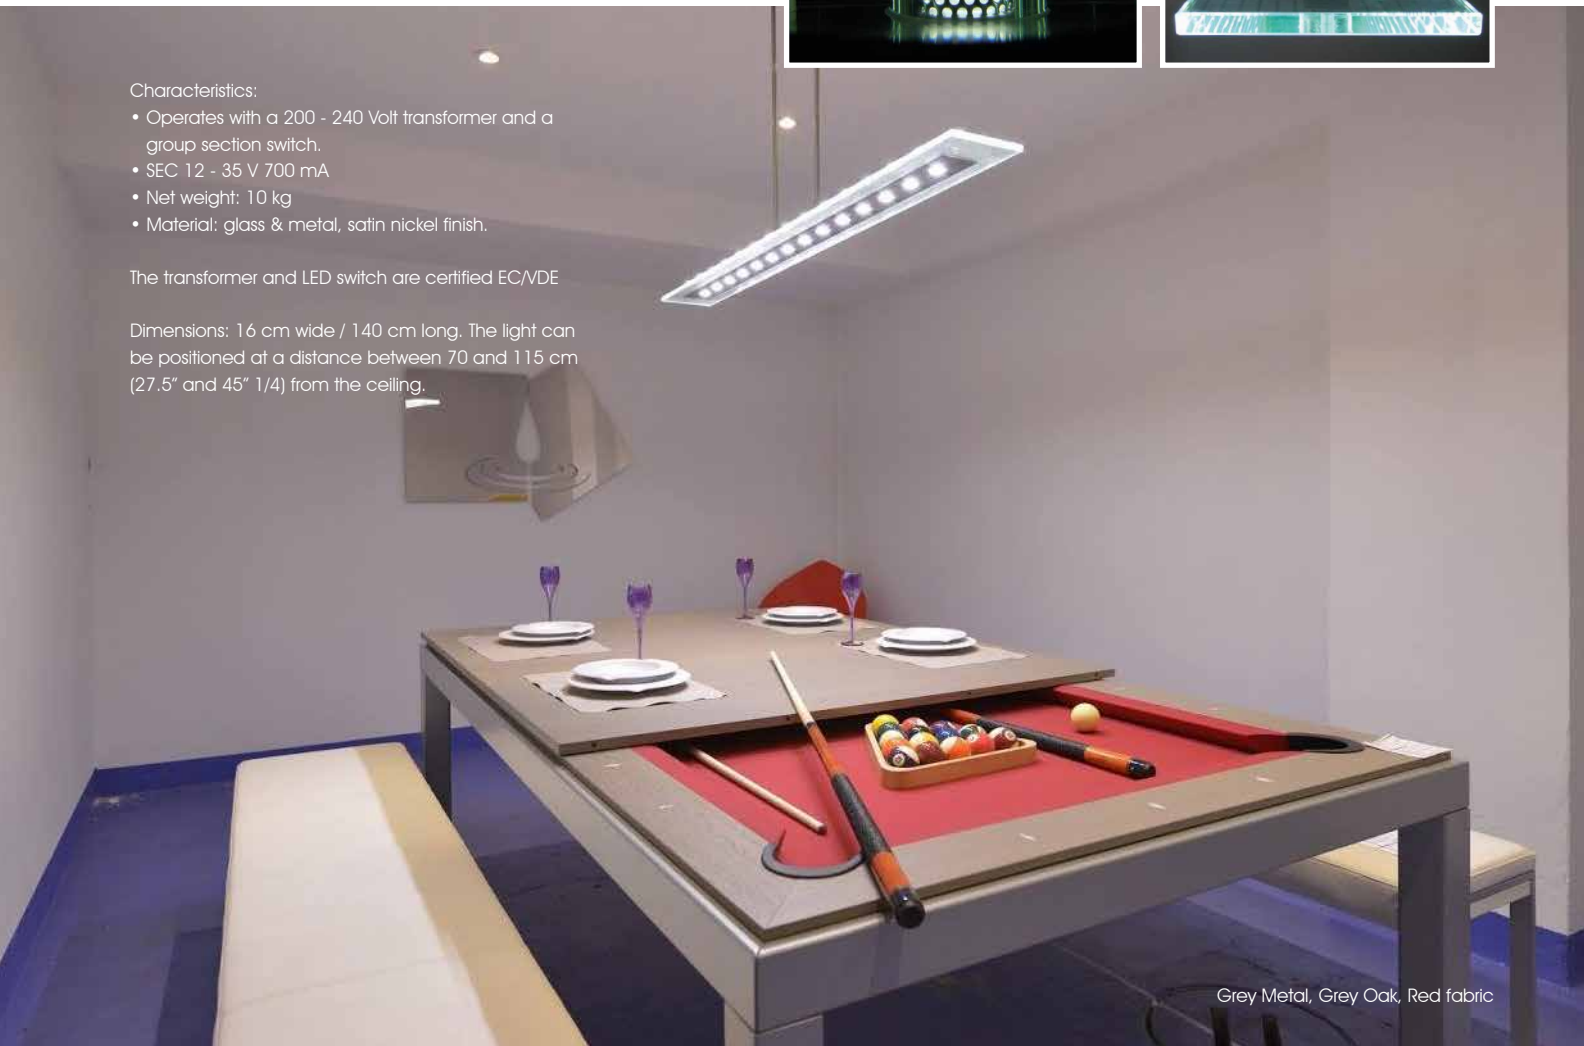

Characteristics:

- Operates with a 200 - 240 Volt transformer and a group section switch.
- SEC 12 - 35 V 700 mA
- Net weight: 10 kg
- Material: glass & metal, satin nickel finish.

The transformer and LED switch are certified EC/VDE

Dimensions: 16 cm wide / 140 cm long. The light can be positioned at a distance between 70 and 115 cm (27.5" and 45" 1/4) from the ceiling.

CUE HOLDER

Fusiontables is the proud pioneer premium brand for billiard dining multifunctional, smart design tables. But having a design pool table in your dining room doesn't make sense if your billiard cues have to be hung on a traditional wallbar on your dining room wall, don't you think ?

Therefore Saluc created a new cue holder to turn your living room into an art gallery.

How about this 16cm diameter pure phenolic ball, using the same material and the same production process as our famous billiard balls to keep your 4 cues safe ?

You can be certain this glossy, smooth, flashy sphere will be the real eye-catcher of your living that your guests will love. Thanks to the Fusion Cue Holder, your cues need not be hidden anymore but can become part of your own interior identity.

Technical features : 16cm diameter | 4 holes | one metal support | 4 colors available : Black, Fushia, Orange, Red

Black Metal, Vintage Oak, Vintage+Ceniza tops

White Metal, White Oak, Tournament Blue fabric

In a world filled with short-lived products inspired by ever-more fickle trends, consumers are once again demanding to be placed at the centre of things, and they expect their homes to be able to adapt to their way of life. More than ever, the modern user is looking for a product with a strong identity that he can connect to. Fusiontables offers a new vision of what design can be in this modern context.

More than just a pool table that doubles as a dining room table, this unique and distinctive concept is also an organisational solution for numerous pool players and architects. It brings together people from all generations for an enjoyable festive or sporting moment. It is also a unique original and timeless upmarket object that will remain the centrepiece of your home.

Designed to entertain, the Fusion table has exactly what is needed to create wonderful and unforgettable moments for you, your family and guests, all in a resolutely contemporary setting.
